ABOUT CYBER FUTURE FOUNDATION

**Years of growth
And impact**

**9000+ Community
and Growing**

**Representation from
16 Critical sectors**

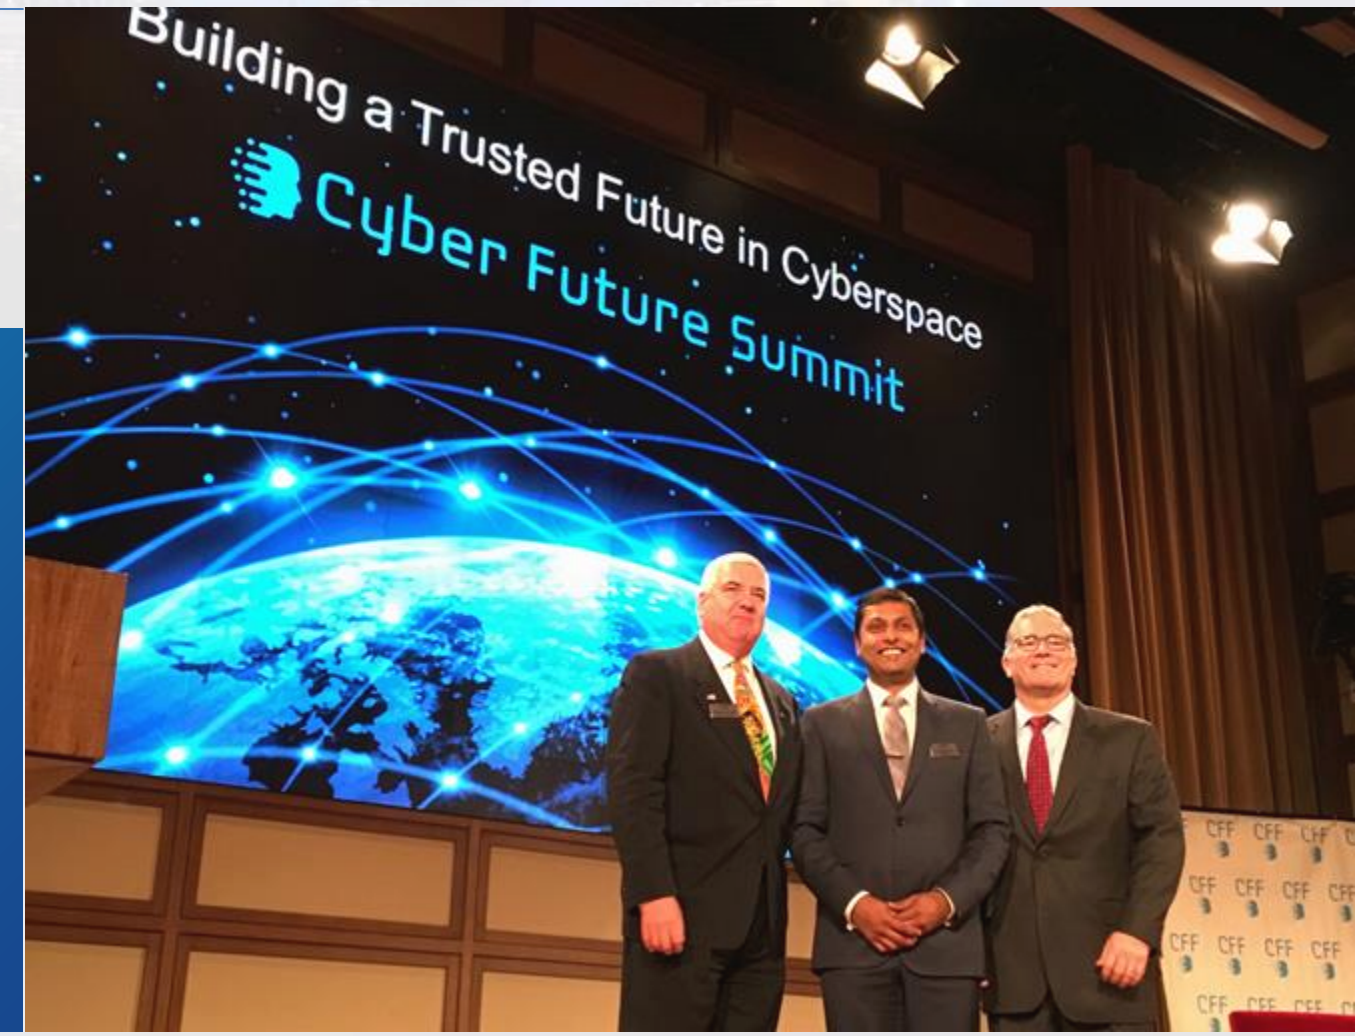

**Presence in
40+ countries**

Cyber Future Foundation (CFF) is a global nonprofit organization dedicated to building a secure, inclusive, and trusted digital future in a world with AI

Founded in 2015, CFF brings together leaders from across industry, government, academia, and civil society to collaboratively address the world's most pressing cybersecurity, AI, and digital trust challenges.

Through our global network and action-driven initiatives CFF transforms thought leadership into scalable solutions that protect people, infrastructure, and the future of innovation.

OUR PURPOSE DRIVEN PROGRAMMING

Vision

To create a secure, inclusive, and trusted digital future where innovation thrives on integrity, global collaboration strengthens resilience, and cybersecurity is foundational to human progress.

We execute on our vision and work towards our mission through:

- Initiatives
- Programs
- Events

Mission

CFF drives global leadership in cybersecurity, emerging technology, and public trust by :

- Connecting leaders from industry, government, academia, and civil society
- Shaping responsible AI and cyber governance
- Protecting vulnerable communities and critical infrastructure
- Converting thought leadership into real-world impact through a global "Do Movement"

October 27–29, 2025 Dallas, TX

10TH ANNUAL CYBER FUTURE SUMMIT

CFS 2025 Summit Report

The **Cyber Future Summit** convenes global leaders, innovators, policymakers, and ecosystem stakeholders to chart a bold and collaborative path forward in the face of rapidly evolving cyber threats and digital transformation.

This inaugural report captures the summit's core insights, strategic imperatives, and collective vision, serving as a foundational roadmap for the next decade of cyber resilience, innovation, and trust.

REFLECTION FROM OUR PREVIOUS EVENTS

Another fantastic event at Davos! The energy was electric, and I'm thrilled to have been part of it. Huge thanks to the Cyber Future Foundation for hosting, and a special shoutout to LingRaj Patil for being a phenomenal dialog facilitator!

Of course, the real highlight was the exchange of ideas with so many brilliant cybersecurity professionals. The expertise and insights shared throughout the event were truly impressive.
Let's keep this momentum going!

MARIA N. SCHWENGER

GenAI & Cyber Strategist | Board Member | Tech Author & Public Speaker | Digital Transformation

What an amazing group!!! The sum total of expertise and insights has reached new heights...6000+ feet to be specific!

-Piyoush Sharma

Head of Enterprise Security, Platform & Web, Zuora

What a great experience! Honored to be among such an amazing group of leaders taking part in influential conversations related to the cyber workforce

-Dan Vigdor

Co-Founder, CEO and Executive Chairman, ThriveDX

Great to be in a room with such experience. Great event.

-James Hughes

Vice President - Sales Engineering & Enterprise CTO, Rubrik, Inc.

An amazing group of leaders that are truly passionate about cybersecurity. Panel discussions were amazing and very insightful.

-Jonathan Trull

CISO, Qualys

October 27-29, 2025 Dallas, TX

REFLECTION FROM OUR PREVIOUS EVENTS

The event, sponsored by leading global organizations, provided valuable insights into global cybersecurity challenges and sustainable innovation strategies. Key discussions focused on responsible AI, public-private partnerships, and the future of finance for a people-centered world. Grateful for the opportunity to contribute to the dialogue on global cooperation and sustainable integration. Many thanks Katherine Thompson, Danil Kerimi, Valmiki Mukherjee, CISSP & CRISC for the great work, the perfect professional networking opportunities and the organization of this event.

Anastasiia Dziuba

Co-Founder, Trident Talents Foundation

The Cyber Future Foundation is leading some truly engaging discussions, from global cybersecurity priorities to innovative solutions at the crossroads of cyber, sustainability, and technology.

Mauricio Benavides

CEO, Metabase Q

Day 2 of WEF 2025 in Davos, Cyber and Impact Innovation Day, brought together global leaders and changemakers for Cyber Future Dialogue to explore solutions at the intersection of cybersecurity, sustainability, and innovation.

Amit Basu

VP and CISO, International Seaways

What a great day at the Cyber Future Foundation 7th Annual Davos Cyber Future Dialogue meeting in Davos, Switzerland on a day of weather that couldn't have been more spectacular.

Andrea Bonime-Blanc

CEO - GEC Risk Advisory

Another very insightful day at Cyber Future Foundation's annual event in Davos and at the Geneva Day in House of Switzerland. Thank you so much for the organization Valmiki Mukherjee, CISSP, CRISC and Katherine Thompson.

Marcel Zumbuehl

CISO and Certified Board Member

The Cyber Future Foundation's Annual Cyber Future Dialogue at Davos was a great opportunity to discuss some of the deeper and more meaningful aspects of emerging cyber security with world leaders.

Tom Patterson

Managing Director - Accenture

October 27-29, 2025 Dallas, TX
